QUESTION: How can small businesses learn more from their network of support centers?

ANSWER: California's network of small business support centers help businesses figure out which loans are best for them, develop resiliency strategies, and find other resources. Please [click this link](#) to learn more.

QUESTION: Is there any relief for small business owners who pay rent for their space but have had to close due to the coronavirus?

ANSWER: [Governor Newsom's executive order](#) suspends all state laws that would prevent local governments from enacting policies to protect you as a resident or business owner from eviction because of nonpayment of rent due to COVID-19. As a resident or business owner, a financial institution holding your home or commercial mortgage is requested to implement an immediate moratorium on a foreclosure involving you, when the foreclosure or foreclosure-related eviction arises from economic hardship caused by COVID-19 conditions. In order to protect renters, homeowners and commercial tenants during this pandemic, Governor Newsom's executive order has removed state-law limitations on local governments to halt evictions in the midst of the outbreak.
